## SUMMARY

I am an enthusiastic and very hardworking individual pursuing my career in web development. I graduated in Computer Science in May 2023 and have a sound knowledge and experience in coding and technical skills.

Always seeking places where I can challenge myself to learn and relearn from my work and others. I am currently looking for that position in the industry to learn and work in a team.

## EXPERIENCE

### React Developer Internship

Mediflow Solutions Pvt. Ltd., Nepal

(24 Dec 2023 - 24 Jan 2023)

- Worked on the HMIS report with further data fetching and data processing.
- Gained good understanding of Hospital Management System.

Tech Stack: React, Flask, MSSQL.

## EDUCATION

### Jawaharlal Nehru Technological University Anantapur (JNTUA), AP, India

B. Tech in Computer Science and Engineering  
Graduated in 2023

### Araniko Awasiya H.S. School, Nepal

+2 in Computer Science and Mathematics  
Completed in 2019

## HARD SKILL

- ReactJS and basic NodeJS
- CSS Framework: TailwindCSS and Bootstrap
- Version Control: Git and GitHub
- Basic OOPs and MVC concept
- Basic SQL query commands and Linux
- Computer Applications: Adobe, Microsoft Office, Canva
- Programming Languages: C++, Java, CSS, Html, JavaScript

## SOFT SKILL

- Observation and Problem Solving
- Management skills and clear vision
- Proficient communication and collaboration skills
- Quick learner and hardworking

## PROJECTS

### WordPress Custom Theme

Using Wordpress, PHP, Bootstrap

- Developed Custom Theme for wordpress with added post types, widgets, etc. functionality.
- Understood Wordpress theme template hierarchy and wordpress functions.

### E-commerce Dashboard

Using React, Bootstrap, React-routes, PHP

Objective: Connect ReactJS with backend using PHP.

- Made a Responsive Real-World E-commerce Dashboard with Login and Logout UI, Add and Update feature also
- Used API calls to retrieve user information from local storage and database
- Used Bootstrap to make the UI components.

### Nike Landing Page

Using ReactJS, TailwindCss

Objective: Learning the Front-end framework TailwindCSS to speed up the development flow of the styled UI components.

- Made a fully responsive Nike Shoes Landing Page with Hero section, Service Section and proper Footer Section
- Understood about utility classes and how to configure tailwind to better suit the development needs.

### Online Code Editor

Final Year Project

Objective: Develop a fully functional online code editor and compiler with many programming languages support. My task was to develop the Front-end part of the Application

- Understood about Front-end libraries like React and Node
- Gained in-depth knowledge in HTML and CSS
- Understood how monaco code editor was implemented.
