Kathmandu, Nepal

EXPERIENCE

ZIL.com - Jr. Frontend Developer (Remote)

Aug 2024 - Present, Delhi, India

- Directly collaborated with the design team and product lead to seamlessly incorporate Figma designs into the Next.js application as the sole front-end developer for the startup.
- Contributed to Agile workflows and GitHub collaboration, ensuring timely delivery of projects and features while focusing on user satisfaction and the overall quality of the product.
- Implemented role-based authentication, SEO analytics, local and server state management, and third-party API integration, addressing all front-end requirements for a comprehensive solution.
- Provided valuable insights that contributed to the company's progress, helping to drive a 40% increase in customer acquisition and enabling the addition of key features to the product.

Tech Stack: NextJs, React, SASS, RestAPI, GoogleTags, Redux, RTK-Query, Typescript, Github, Figma, etc.

PRACAS Infosys - Jr. Frontend Developer

Jan 2024 - Jul 2024, Biratnagar, Nepal

- Worked closely with the design team and product lead to implement designs into the Next.js application, ensuring on-time project delivery with a strong focus on client satisfaction.
- Implemented user-intuitive animations using Framer Motion, boosting engagement by 35%, while streamlining database queries, analytics, SEO, and CMS, resulting in a 35% faster page load time.

Tech Stack: NextJs, React, Tailwind, Airtable backend, React Query, Github etc.

PROJECTS

Social Networking Platform

Developing a social network application currently in progress which helps user or customers to view and get connected to hosts through events and gigs.

Tech-stack: NodeJs, Express, Prisma, Postgres, JWT, RestAPI, Socket.io, Nextjs, React, SASS, Figma, etc.
